ALBERTA STATE COLLEGE - ALVA, OKLAHOMA

1971
Spring
Schedule

ENROLLMENT INFORMATION

ADMISSION

The scholastic requirement for admission to regular freshman standing is graduation from a high school or secondary school accredited by the Oklahoma State Department of Education or by accrediting authorities of the state in which the school is located. A student entering Northwestern for the first time should have an official transcript of his high school record sent to the Registrar at least ten days before enrollment date. Also credit earned in other colleges should be transferred before the student matriculates at Northwestern.

REGISTRATION

Faculty members serve as advisors and are available for assistance during registration periods. Students should choose classes very carefully and re-check tentative schedules prior to approval by the adviser and the dean of instruction.

TUITION AND FEES

The general fee of \$10.50 per hour is paid by each student. This includes services such as library, health, laboratory usage, and student activities admission. The general fee is \$10.50 per hour for the Oklahoma resident. The student residing outside Oklahoma pays \$25.00 per hour instead of \$10.50. Questions regarding residence status determination are to be directed to the Registrar.

Each student enrolling in six hours or more during a semester pays a \$2 fee for student identification card and a \$5 stadium fee.
